GRY

Waterproof lining

Keeps your feet dry and comfortable in wet environments.

Waterproof (WR)

Waterproof footwear prevents liquids to enter into the shoe.

Rubber outsole

Rubber outsoles provide versatile functions that make them suitable for many areas of application: excellent cut resistance, heat and cold resistance, high flexibility at cold temperatures, resistance against oil, fuel and many chemicals.

Removable insole

Renew your insole at a regular base or use your own orthopedic insoles for a higher comfort.

Breathable upper

Increased moisture and temperature management for extended wearer comfort.

SJ Foam

Removable comfortable antistatic footbed providing fit, guidance and optimum shock absorption in heel and forefoot. Breathable and moisture absorbing.

Environments:

Wet environment, Muddy environment, Uneven surfaces, Dry environment

Maintenance instructions:

To extend the life of your shoes, we recommend to clean them regularly and to protect them with adequate products. Do not dry your shoes on a radiator, nor nearby a heat source.
