SJ-TEX

SJ Tex is a high-performance membrane that offers waterproof protection without compromising breathability.

Breathable leather upper

Natural leather provides a high degree of wearer comfort combined with durability in versatile applications.

Tiger Grip Technology

Outsoles with Tiger Grip technology are renowned for their slip resistance, ability to withstand wear and tear and excellent traction on different surfaces, even wet and uneven ones. They are crafted with an exclusive rubber compound and engineered with specific patterns and grooves to enhance grip and stability.

Performance Foam Technology (PFT)

This lightweight, flexible, and durable foam offers excellent cushioning, shock absorption and energy return with every step. Designed to enhance comfort and reduce fatigue on long treks.

SJ Foam Adventure

Featuring two layers of recycled PU foam with different densities and a recycled polyester top layer, the SJ Foam Adventure is perfect for long hikes and demanding outdoor activities.

Rubber outsole

Rubber outsoles provide versatile functions that make them suitable for many areas of application: excellent cut resistance, heat and cold resistance, high flexibility at cold temperatures, resistance against oil, fuel and many chemicals.

Environments:

Muddy environment, Uneven surfaces, Wet environment

Maintenance instructions:

To extend the life of your shoes, we recommend to clean them regularly and to protect them with adequate products. Do not dry your shoes on a radiator, nor nearby a heat source.
